SUBJECT: Amendment 1 to Request for Qualification 3282
DATE OF AMENDMENT: January 20, 2017
DATE OF RFQ RELEASE: January 10, 2017
DATE AND TIME OF OPENING: February 7, 2017
AGENCY CONTACT: Nancy Feser, Procurement Staff Member

The following shall be a part of RFQ 3282 for ***Fire Fuels Reduction and Vegetation Management Services***. If a vendor has already returned a proposal and any of the information provided below changes that proposal, please submit the changes along with this amendment. You need not re-submit an entire proposal prior to the opening date and time.

1. Do you require CD's? or can we use thumb drives?

A thumb drive is acceptable.

2. pg 14 4.3.3 Is the cost for transportation and water to be included in equipment cost?

Yes, these costs should be factored into the bid.

3. pg 15 4.3.6.1 D8 or larger, Is there a horse power and weight requested?
There are many D8's running from 170 hp and up and weights of 50 k to 95 k.

No, As long as the equipment can pull an Ely or smooth chain assembly which is approximately 180 feet in length and weighs approximately 22,000 lbs. – 28,500 lbs. in varied terrain and topographic features including hills, draws in a mountainous setting and capable of mountain seed dribblers we won't dictate the exact type of dozer to be used.

4. pg 17 4.6.1 Is the vender hauling containers or providing containers or both?

Both

5. pg 17 4.6.5 Regarding log trucks - Would they go under this section or other specialized trailers? i.e. hay racks?

Yes, they would fall under hay racks.

6. Will other hauling services be included? i.e. water, log truck, chip truck or other specialized hauling equipment

Yes

7. Page 30/54 Section 10.1.6.4 - Is a 3 ring binder acceptable?

Yes

8. Page 12/54 Section 4.1.91. - Confirming costs are not needed for the response to RFQ.

No, bid/cost will be required on an as needed basis depending on the project.

9. Page 39/54 Section Section 11.2 - How is financial stability determined if financial information (P&L, Balance Sheet) are not required?

Since the projects will be done on an as needed basis, and bids will be requested at that time, the financial stability will not be required as part of the proposal.

10. On pg 4 second paragraph'
What are the boundaries of Northern, Southern, Rural areas?

There are no set boundaries, it is up to the Vendor to identify the areas of the State in which they are willing to operate as stated.

11. On pg 5 - Can the pricing be kept confidential?

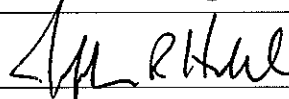

No, cost is a matter of public record Per NRS 333, and will be required on a project, by project bases.

ALL ELSE REMAINS THE SAME FOR RFQ 3282.

Vendor shall sign and return this amendment with proposal submitted.

RFQ 3282 Amendment 1

This document must be submitted in the "State Documents" section/tab of vendors' technical proposal

ATTACHMENT A – CONFIDENTIALITY AND CERTIFICATION OF INDEMNIFICATION

Submitted proposals, which are marked “confidential” in their entirety, or those in which a significant portion of the submitted proposal is marked “confidential” **will not** be accepted by the State of Nevada. Pursuant to NRS 333.333, only specific parts of the proposal may be labeled a “trade secret” as defined in NRS 600A.030(5). All proposals are confidential until the contract is awarded; at which time, both successful and unsuccessful vendors’ technical and cost proposals become public information.

In accordance with the Submittal Instructions of this RFQ, vendors are requested to submit confidential information in separate binders marked “**Part I B Confidential Technical**” and “**Part III Confidential Financial**”.

The State will not be responsible for any information contained within the proposal. Should vendors not comply with the labeling and packing requirements, proposals will be released as submitted. In the event a governing board acts as the final authority, there may be public discussion regarding the submitted proposals that will be in an open meeting format, the proposals will remain confidential.

By signing below, I understand it is my responsibility as the vendor to act in protection of the labeled information and agree to defend and indemnify the State of Nevada for honoring such designation. I duly realize failure to so act will constitute a complete waiver and all submitted information will become public information; additionally, failure to label any information that is released by the State shall constitute a complete waiver of any and all claims for damages caused by the release of the information.

This proposal contains Confidential Information, Trade Secrets and/or Proprietary information as defined in *Section 2 “ACRONYMS/DEFINITIONS.”*

Please initial the appropriate response in the boxes below and provide the justification for confidential status.

Part I B – Confidential Technical Information			
YES		NO	<i>JRH</i>
Justification for Confidential Status			

A Public Records CD has been included for the Technical SOQ Proposal			
YES		NO	<i>JRH</i>

Part III – Confidential Financial Information			
YES	<i>JRH</i>	NO	
Justification for Confidential Status			
<i>Solicitation requests Federal Tax ID & DUNS#. Protects the privacy of financials.</i>

ATTACHMENT C—VENDOR CERTIFICATIONS

Vendor agrees and will comply with the following:

- (1) Any and all prices that may be charged under the terms of the contract do not and will not violate any existing federal, State or municipal laws or regulations concerning discrimination and/or price fixing. The vendor agrees to indemnify, exonerate and hold the State harmless from liability for any such violation now and throughout the term of the contract.
- (2) All proposed capabilities can be demonstrated by the vendor.
- (3) The price(s) and amount of this proposal have been arrived at independently and without consultation, communication, agreement or disclosure with or to any other contractor, vendor or potential vendor.
- (4) All proposal terms, including prices, will remain in effect for a minimum of 180 days after the proposal due date. In the case of the awarded vendor, all proposal terms, including prices, will remain in effect throughout the contract negotiation process.
- (5) No attempt has been made at any time to induce any firm or person to refrain from proposing or to submit a proposal higher than this proposal, or to submit any intentionally high or noncompetitive proposal. All proposals must be made in good faith and without collusion.
- (6) All conditions and provisions of this RFQ are deemed to be accepted by the vendor and incorporated by reference in the proposal, except such conditions and provisions that the vendor expressly excludes in the proposal. Any exclusion must be in writing and included in the proposal at the time of submission.
- (7) Each vendor must disclose any existing or potential conflict of interest relative to the performance of the contractual services resulting from this RFQ. Any such relationship that might be perceived or represented as a conflict should be disclosed. By submitting a proposal in response to this RFQ, vendors affirm that they have not given, nor intend to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant or any employee or representative of same, in connection with this procurement. Any attempt to intentionally or unintentionally conceal or obfuscate a conflict of interest will automatically result in the disqualification of a vendor's proposal. An award will not be made where a conflict of interest exists. The State will determine whether a conflict of interest exists and whether it may reflect negatively on the State's selection of a vendor. The State reserves the right to disqualify any vendor on the grounds of actual or apparent conflict of interest.
- (8) All employees assigned to the project are authorized to work in this country.
- (9) The company has a written equal opportunity policy that does not discriminate in employment practices with regard to race, color, national origin, physical condition, creed, religion, age, sex, marital status, sexual orientation, developmental disability or handicap.
- (10) The company has a written policy regarding compliance for maintaining a drug-free workplace.
- (11) Vendor understands and acknowledges that the representations within their proposal are material and important, and will be relied on by the State in evaluation of the proposal. Any vendor misrepresentations shall be treated as fraudulent concealment from the State of the true facts relating to the proposal.
- (12) Vendor must certify that any and all subcontractors comply with Sections 7, 8, 9, and 10, above.
- (13) The proposal must be signed by the individual(s) legally authorized to bind the vendor per NRS 333.337.

ATTACHMENT I – CERTIFICATION REGARDING LOBBYING**Certification for Contracts, Grants, Loans, and Cooperative Agreements**

The undersigned certifies, to the best of his or her knowledge and belief, that:

- (1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.
- (3) The undersigned shall require that the language of this certification be included in the award documents for all sub awards at all tiers (including subcontracts, sub grants, and contracts under grants, loans, and cooperative agreements) and that all sub recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Location(s) from which employees will be assigned for this project:	<i>Dayton NV; Tahoe City, CA; South Lake Tahoe, CA; Placerville, CA</i>

Please be advised, pursuant to NRS 80.010, a corporation organized pursuant to the laws of another state must register with the State of Nevada, Secretary of State's Office as a foreign corporation before a contract can be executed between the State of Nevada and the awarded vendor, unless specifically exempted by NRS 80.015.

The selected vendor, prior to doing business in the State of Nevada, must be appropriately licensed by the State of Nevada, Secretary of State's Office pursuant to NRS76. Information regarding the Nevada Business License can be located at <http://sos.state.nv.us>.

Question	Response
Nevada Business License Number:	
Legal Entity Name:	

Is "Legal Entity Name" the same name as vendor is doing business as?

Yes	<i>X</i>	No	
-----	----------	----	--

Vendors are cautioned that some services may contain licensing requirement(s). Vendors shall be proactive in verification of these requirements prior to proposal submittal. Proposals that do not contain the requisite licensure may be deemed non-responsive.

Has the vendor ever been engaged under contract by any State of Nevada agency?

Yes	X	No	
-----	----------	----	--

If "Yes", complete the following table for each State agency for whom the work was performed. Table can be duplicated for each contract being identified.

Question	Response
Name of State agency:	<i>Nevada Department of Corrections</i>
State agency contact name:	<i>Various Projects in the Tahoe Basin</i>
Dates when services were performed:	<i>September 2008-September 2010</i>
Type of duties performed:	<i>Chipped & Delivered Biomass Material to Co-Gen Plant at Nevada State Prison</i>
Total dollar value of the contract:	<i>\$980,000.00</i>

Are you now or have you been within the last two (2) years an employee of the State of Nevada, or any of its agencies, departments, or divisions?

Yes		No	X
-----	--	----	----------

Disclosure of any significant prior or ongoing contract failures, contract breaches, civil or criminal litigation in which the vendor has been alleged to be liable or held liable in a matter involving a contract with the State of Nevada or any other governmental entity. Any pending claim or litigation occurring within the past six (6) years which may adversely affect the vendor's ability to perform or fulfill its obligations if a contract is awarded as a result of this RFQ must also be disclosed. Does any of the above apply to your company?

Yes		No	X
-----	--	----	----------

Vendors must review the insurance requirements specified in **Attachment E, Insurance Schedule for RFQ 3282**. Does your organization currently have or will your organization be able to provide the insurance requirements as specified in **Attachment E**.

Yes	X	No	
-----	----------	----	--

Company background/history and why vendor is qualified to provide the services described in this RFQ. Limit response to no more than five (5) pages.

Length of time vendor has been providing services described in this RFQ to the public and/or private sector. Please provide a brief description.

SEE ATTACHED QUALIFICATIONS AND CAPABILITIES DOCUMENT (pg. 18)

SUBCONTRACTOR INFORMATION

Does this RFQ response include the use of subcontractors?

Yes		No	X

QUALIFICATION/CAPABILITY

CTL Forest Management, Inc. (CTLFM), a Certified California Small Business, has been in business since 1994, primarily doing cut-to-length operations, but we perform mastication, chipping, brush piling, and whole tree skidding as well. CTLFM is owned by Jeff Holland (president) and Kirk Wentworth (vice president). Combined, we have decades of experience in thinning, chipping, masticating, and brush removal on fuels reduction projects such as burn clean-up, meadow release projects, Aspen enhancement, fuel breaks, forest restoration projects, and forest fire clean-up. CTLFM has recently purchased an air curtain burner for burning slash in the Lake Tahoe and Bass Lake, California areas. The last couple of years, CTLFM has worked on roadside clean-up in burns in many areas throughout California. PG&E has hired our company to clean up powerlines and roads in the burn areas throughout California including Valley Fire area, Butte Fire area, and the King Fire area. CTLFM was also contracted by Hetch Hetchy to clean up the Cherry Oil Road and Camp Mather Roads which were burned in the Rim Fire.

Since CTLFM has been in business, we have worked in the Lake Tahoe Basin Management Unit, the El Dorado National Forest, the Tahoe National Forest, and the California State Park and Conservancy thinning several thousand acres on public and private lands. Our company has an outstanding rapport with all the agencies we have worked with such as the USFS, BLM, Nevada Department of Forestry, Nevada Fire Safe Council, Cal Fire, Placer County, California Tahoe Conservancy, Tahoe Regional Planning Agency, Lahontan Regional Water Quality Control, California state parks, and the El Dorado and Placer County Department of Transportation. Our company's most recent works have been contracting for Mountain Enterprises, Inc. removing dead trees along power lines for PG&E, SMUD, Liberty Power, County of Monterey, and USFS. Currently, CTLFM is working for PG&E falling and decking dead trees along canals in the Bass Lake, California area on the Sierra National Forest.

CTLFM prides itself in doing quality work at all times. Our company also has an outstanding reputation in completing contracts in a timely manner. Our company consists of two owner/operators as well as 15 experienced equipment operators, sawyers, and laborers who do an excellent job contributing to fulfilling our contracts plus we own 6 transportation trucks with highly experienced drivers (see attached owner and employee experience list). Our company has an excellent safety rating. The crew is highly trained and experienced in working in and around small USFS parcels in Lake Tahoe area that have power lines, phone lines, water and gas lines, including permittee homes and privately owned homes. We currently have an array of specialized equipment to do whatever task is at hand ensuring a minimal amount of ground pressure and soil disturbance. These operations include thinning, masticating, chipping, brush piling, and putting in fuel breaks around subdivisions that are a high-risk threat from wildfires.

Over the past 20 years CTLFM has been reconstructing, repairing and decommissioning logging roads in the Lake Tahoe Basin, El Dorado National Forest, and Tahoe National Forest. These roads have been identified by Lahontan Regional Water Quality Control Board and the League to Save Lake Tahoe as a primary source of fine sediments that are causing a reduction in water clarity in Lake Tahoe. Thus, the work that is done to reconstruct and decommission roads is heavily scrutinized by both regulatory and special interest groups. The work CTLFM has performed has always met the standards and even passed scrutiny by special interest groups. This has been accomplished by keeping landings small and well organized, maintaining dust control in the landings and roads and by maintaining Best Management Practices even when not required by contract. CTLFM is also certified by the California Air Resources Board.

PROPOSED STAFF RESUME

A resume must be completed for all proposed contractor staff and proposed subcontractor staff.

Resume of Key Personnel

C.T.L. Forest Management, Inc. is a Pro Logger Certified company and with an experienced crew of long-term employees. Each crewmember has on and off site safety training for all aspects of the job such as equipment use, fire prevention, first aid, and public relations. Crewmembers have received training from Hetch-Hetchy Power, PG&E, and Mountain Enterprises, Inc. on how to conduct operations around transmission and distribution lines; and waterways such as dams and canals. The crew has received training in working along state and county roads and highways. The entire C.T.L. Forest Management, Inc. crew is CPR certified and has completed State Fire Training courses.

Jeff Holland- President Owner/Operator; Project Manager

Jeff has worked in the woods for 37 years beginning as a logger on federal contracts at 17 years of age in 1979. In 1982 started Holland Logging, a logging and chipping company. From 1990-1994, Jeff was operations manager for Armstrong, Inc. Jeff and Kirk then started C.T.L. Forest Management, Inc. in 1996 and work primarily in the El Dorado, Tahoe, and Lake Tahoe Basin Management Unit. Jeff has experience in all mechanical logging systems.

Kirk Furlong-Wentworth- Vice President Owner/Operator; Project Manager; Driver

Kirk has worked in the woods for 35 years. Kirk started in the woods in 1981 working for Wentworth Logging. Kirk co-founded C.T.L. Forest Management, Inc. in 1996. Kirk has experience in all mechanical logging operations and is Class A licensed.

Ralph Strang- Equipment Operator; Driver

Started with C.T.L. Forest Management, Inc. 10 years ago and has experience in all aspects of mechanical logging. Ralph primarily runs harvesters and forwarders, but is accomplished on all company machines and is Class A licensed.

Kevin Holland- Equipment Operator

8 years logging experience with C.T.L. Forest Management, Inc. Kevin runs harvesters, loaders, forwarders, and skidders.

Matt Fenley- Equipment Operator

Has worked for C.T.L. Forest Management, Inc. for 8 years as a loader and forwarder operator.

Brian Burks- Truck Driver/ Equipment Operator

Has 12 years' experience. Brian has worked for C.T.L. Forest Management, Inc. for 4 years. Brian runs masticators, skidders, and dozers, and hauls material. Class A licensed

Will Roberts- Truck Drive / Equipment Operator

Has 18 year's log truck driving experience. Has worked for C.T.L. Forest Management, Inc. 3 years. Class A licensed

Chris Kregoski- Truck Driver

Has 30 years' log truck driving experience. Has worked for C.T.L. Forest Management, Inc. 3 years. Class A licensed.

Hap Pimental- Truck Driver

Has 47 years' log truck driving experience. Has subcontracted for C.T.L. Forest Management, Inc. 17 years and has been employed by C.T.L. for 2 years. Class A licensed.

Clayton Warden- Diesel Mechanic/Equipment Operator

Has several years' experience as a diesel mechanic and equipment operator. He has worked for C.T.L. Forest Management, Inc. for 2 years.

Jerry Broom- Equipment Operator/Timber Faller

Has worked for C.T.L. Forest Management, Inc. for 2 years. He has 38 years' experience in all logging related equipment and timber falling.

Cody Seeley- Equipment Operator

Has 6 years' experience in the woods. He has worked as an equipment operator for C.T.L. Forest Management, Inc. 1 ½ years, primarily feller bunchers and skidders. He has 5 years' experience in all logging equipment.

David Gomez- Equipment Operator/Timber Faller

Has worked for C.T.L. Forest Management, Inc. 1 year, but he has 12 years' experience in operating all logging equipment.

Jaime Pike- Equipment Operator

Has worked for C.T.L. Forest Management, Inc. 8 months, but he has 14 years' experience in operating most logging equipment.

Ray Brown- Equipment Maintenance/Equipment Operator

He has worked for C.T.L. Forest Management, Inc. 1 year. He has 12 years' experience in auto and diesel mechanics. Experience in logging equipment operation.

Randy Tozier- Equipment Operator

Has worked for C.T.L. Forest Management, Inc. 9 months, but he has 21 years of logging equipment operation.

Chris Blair- Timber Faller

He has been falling timber for 23 years. He has worked with C.T.L. Forest Management, Inc. for several years.

Mike Alderman: Timber Faller

Has only worked for C.T.L. Forest Management, Inc. a short time but has 18 years' experience falling timber.

Brett Hayden- Foreman/Equipment Operator

He has worked for C.T.L. Forest Management, Inc. for 6 months but has 24 years of logging experience and is accomplished on all logging equipment.

Collin Loken- Groundsman/Traffic Control

He has only worked for C.T.L. Forest Management, Inc. for a short time but has 2 years' experience in the woods and 1 year traffic control.

Josh McRoberts- Equipment Operator/Truck Driver

Has worked for C.T.L. Forest Management, Inc. a short time. Has 12 years' experience in logging equipment operation and water truck driving. Class A licensed.

Ray Romine: Timber Faller/Climber

Has worked for C.T.L. Forest Management, Inc. for 6 months. Has 15 years' experience falling timber.

William Romine: Timber Faller

Has only worked for C.T.L. Forest Management, Inc. a short time but has 5 years' experience falling timber and other forestry related jobs.

CTLFM has received VERY GOOD or EXCEPTIONAL on Contractor Performance Assessment Reports (see attached pg. 25-35)

Completed Projects & In-Progress Projects Summary

Homer: Consists of small urban lots with hazards such as county and state roads; private homes; and power lines. Various LOPs. Located south of Emerald Bay on Hwy 89. Projected completion date October 2017. 130 acres remaining.

Spider Pig: Fuel break around Camp Richardson in South Lake Tahoe. Whole tree logging in high recreation site. Highly hazardous area to work in (people, campgrounds, stables, and Hwy 89). Projected completion date June 2017 (weather permitting). 60 acres remaining.

Ophir: Fuel break along 4 miles of Hwy. 431 on Mount Rose. Extremely steep and rocky terrain. Various LOPs. Contract expires year end 2018. 230 acres remaining.

Down Canyon: Located on the Inyo National Forest. Mostly SEZ work, thinning lodgepole and white fir, promoting Aspen Enhancement.

Yeti: Thinning of small pine and white fir in very rocky conditions. Included a ½ mile of road to be built and decommissioned. SEZ work and a lot of mastication.

MEOW: South shore Lake Tahoe. Thinning mostly Jeffrey Pine and lodgepole. A lot of SEZ work particularly in the Trout Creek area.

Mountain & Boulder: 90% of both sales were Angora fire clean up. Used cut-to-length equipment, chipper, and masticator.

Assessing Official Comments:

QUALITY: Exceptional work being done by contractor. work in and around improvements with no issues and high level of safety.

SCHEDULE: Work continues. Should be done by contract termination date

COST CONTROL: cost is on estimate for project

MANAGEMENT: management of crew is very good.

REGULATORY COMPLIANCE: Compliance with all regulatory requirements.

ADDITIONAL/OTHER: Very good company. Knows how to do the work and is quite capable of performance. Understands the end result and easy to work with.

RECOMMENDATION:

Given what I know today about the contractor's ability to perform in accordance with this contract or order's most significant requirements, I would recommend them for similar requirements in the future.

Down Canyon South Stewardship (IRSC) Contract

Contract Effort Description:

Contractor employed cut-to-length equipment to harvest a dense stand of conifer encroached aspen in a riparian corridor located within the wildland-urban interface. Limbs, tops, and sub merchantable material was later piled with an excavator and brush grapple. Contractor was able to work in the confines of a tight landing and haul approximately 60 log loads out of a less than adequate ingress/egress. One major modification occurred to allow contractor to reconstruct a road approach off a Caltrans right-of-way on HWY 158.

Variance (Contract to Date):

Current Cost Variance (%): Variance at Completion (%):

Current Schedule Variance (%):

Assessing Official Comments:

QUALITY: Contractor was very easy to work with in most cases, only minor incidents occurred which were solved onsite with contractor and did not deter from production or overall quality of end product. Harvester operator was quite skilled with that piece of machinery and took great care in felling designated trees around residual aspen trees where FS should concern from damage due to operations. Forwarder loader was very skilled as well, took great care in loading around residual trees and keeping trucks moving out of the landing, was amendable to packing slash around to fill in holes on trails. All other employees were above satisfactory on performance and attitude when in one on one conversation. End result was very good. I have revisited units this winter, no erosion was observed and only a few trees had blown down as expected when opening up a stand this much.

SCHEDULE: Contractor worked 4.5 days a week, but crew was always prompt and worked long hours with great production rates. FS was very happy with schedule, I believe contractor was 1 week late per his schedule, but work was still completed quickly per FS estimates.

COST CONTROL: Fixed price per acre seemed quite high to us, but the INF is quite remote with no feasible processing facility top haul to except a few small to medium firewood companies. Units were quite complex, with multiple crossing's through braided channels, very dense, and working within the riparian corridor.

MANAGEMENT: Contractor and partner directed their employees daily on tasks to finish. I never saw any arguments occur between employees and contractor or foreman.

UTILIZATION OF SMALL BUSINESS: They may be a "Small Business" but are not formally categorized by SBA. They did sub out one-day of cleanup in unit 2 to an 8(a) firm already working in the local area.

REGULATORY COMPLIANCE: Contractor took great care following mitigations in contract, working within the Riparian Corridor, and near the stream bank. If a stated mitigation did not work quite right, they tweaked it or made changes to their ops to give FS a high level of compliance.

ADDITIONAL/OTHER: Thanks Jeff. Another project well done. Don

RECOMMENDATION:

Given what I know today about the contractor's ability to perform in accordance with this contract or order's most significant requirements, I would recommend them for similar requirements in the future.

Assessing Official Comments:

QUALITY: The Contractor exceeds the contract standards in the production and quality of services.

SCHEDULE: CTL has performed within the contract period of performance.

COST CONTROL: The Contractor is very flexible and reasonable to work with. often contractor provided recommendations for improving production and quality.

MANAGEMENT: Contractor works closely with Government Representatives and ensures all coordination and work conforms to contract specifications.

REGULATORY COMPLIANCE: Contractor complies with all federal state and local laws guidance and policies. The contractor adhere to the contract specifications and provides quality services.

ADDITIONAL/OTHER: CTL provided Quality services under this task order and due to that fact, he has been awarded other contracts of similar size and scope in the general vicinity.

RECOMMENDATION:

Given what I know today about the contractor's ability to perform in accordance with this contract or order's most significant requirements, I would recommend them for similar requirements in the future.

Assessing Official Comments:

QUALITY: Information provided by COR

REGULATORY COMPLIANCE: Contractor followed all regulatory requirement for completing work in the Lake Tahoe Basin

ADDITIONAL/OTHER: CO Heidi Black has transferred. COR provided rating response but did not qualify response. My history with this firm has been very positive.

RECOMMENDATION:

Given what I know today about the contractor's ability to perform in accordance with this contract or order's most significant requirements, I would recommend them for similar requirements in the future.
